2031	2002-12-12	07:59:00	we trade correctly and we expected the fundamental in a right way but we put this hstratgy to cut at the news but the market didn't deal with the news as despite of the fall in french industrial production we find this

1994	2002-12-11	23:09:00	WE SEE THAT IT HAS DONE AND THE MARKET DIDN'T MOVE AWAY FROM HERE TODAY THE MARKET IS STILL AT 1.0085 BUT LITTLE CHANGE IN JPY ARE NOT WELL REASONABLE !!!!
1993	2002-12-11	16:33:00	as you have seen today the market has moved in a so narrow range waiting for tomorrow keys too which make us flat today as we didn't open new positions today
1992	2002-12-11	10:30:00	EVEN IF WE WANT TO BUY USD/JPY THERE IS NO SIGNIFICANTE SUPPORT FOR THAT AS BOTH OF THE PAIRS ARE WAITING FOR MORE KEYS MAKING THEIR TRADING IS COME HOW RELUCANTE AND HAVE NO CLEAR DIRECTION BUT EQUITIES PERFORMANCE OF WALLSTREET AND THIS IS NOT A WELL SUPPORT YOU CAN DEPEND ON FOR COMING TWO DAYS AS THE KEYS NOW ARE THE MOST IMPORTANT

1991	2002-12-11	10:26:00	
1990	2002-12-11	10:25:00	EUROPEAN INDICES IS RECORDING REBOUNDS FROM LAST TWO DAYS LOSES ALSO DOW COULD MAKE IT TODAY AND KEEP HIS PROFITS OF YASTERDAY TOO IF NOT MAKING FURTHER JUMP ABOVE 8600
1989	2002-12-11	10:22:00	WE ARE STILL HOLDING BUT WE COULD BUY THE US DOLLAR TODAY
1988	2002-12-11	07:36:00	AS WE MAY LOOK FOR BETTER QOUTES SOMETIMES BUT THE CHANCE IS A CHANCE ANYWAY
1987	2002-12-11	07:32:00	WISHING WE CAN ALWAYS KEEP YOUR PROFITS. THANK YOU LTGFX
1986	2002-12-11	07:31:00	ANY WAY WE HAVE CROSSED OUR TARGET (150 PIPS PER WEEK) AND IT IS NOT A SMALL ONE WITHIN THE BEGINING OF THE WEEK AND WE TRY TO MAKE MORE PIPS BUT WAITING TODAY IS NOT A MISTAKE AS IT COULD NOT EXPRESS ABOUT SERIOUS SENTIMENT TOO
1985	2002-12-11	07:23:00	IF THIS FEEL CONFIRMED THIS COULD HAVE BAD IMPLICATIONS FOR DOLLAR PERFORMANCE AND ENCOURAGE SELLING WAVE COULD BE DELAYED BY THE CHRISTMAS DEMAND BUT COULD FALL BACK AFTER THIS
1984	2002-12-11	07:21:00	AND I CAN NOT HIDE THAT WE HAVE A DEEP FEAR THAT TOMORROW RELEASE MAY NOT DISAPPOINT THE MARKET
1983	2002-12-11	07:19:00	CLEAR VIEW CAN COME OUT FOR DOLLAR AND INDICES THIS WEEK CONSUMING KEYS OF RETAIL SALS AND CONFIDENCE SURVEY
1982	2002-12-11	07:17:00	AS THIS IS THE MARKET SENTIMENT TOO
1981	2002-12-11	07:16:00	SO WE MAY TAKE NO SIDE TODAY
1980	2002-12-11	07:15:00	AND WHAT DOW IS ASKED FOR TODAY IS TO KEEP ITS YASTERDAY GAINS
1979	2002-12-11	07:14:00	narrow range is expected but our main direction is still

			for dollar rise in spite of SNOW concerningS !!!
1978	2002-12-11	07:12:00	even todays keys from eurozone are not coming with surprizes you can depend on!!
1977	2002-12-11	07:11:00	as all US future today are in
1976	2002-12-11	07:11:00	also unclear positions could make us wait for tomorrow's releases for more key data for the greenback but today if there is significant movement over the us indices we can trade but this is not expected to be done.
1975	2002-12-11	07:00:00	but only few fundamental coming from eurozone and UK today could come with news
1974	2002-12-11	06:59:00	expected stting back in the eurpean session. this low equity could lead to pressure over the european currencies against the jpy and the dollar
1973	2002-12-11	03:57:00	BUT IN THE SAME TIME BUYING IT DOES NOT ATTRACT OUR DROW OUR ATTENTION TO YET
1972	2002-12-11	03:56:00	AS YOU SEE RIGHT NOW THE SELLING THE JPY WAS A MISTAKE
1971	2002-12-11	00:15:00	also it is in mind to use crosses but it is not suitable for this week as it was of the last one as it could drow us out of the main market direction and make a chaos in building the trading plans
1970	2002-12-11	00:14:00	also getting use of lower equities and the market sentiment by wait and see manner so the best time to sell the jpy traditionally between the mid of us session of thursday and the end of the week but now just hunting for dips and using good fundamental and nikkie rise and cheering up with takenaka reforms
1969	2002-12-11	00:10:00	also there should be dollar rise starting from tomorrow targeting thursday retail sales which need a special style of trading to deal

			with targeting better time too. as CFDs it is so easy to conduct these positions but here in forex we would like to wait enough
1968	2002-12-11	00:06:00	but todays better than expected consimer confidence and trade blance and no major keys for tomorrow could lead us to take no trading side but be aside !!! waitting
1967	2002-12-11	00:04:00	but tankan survey is the main point we should trade for as it is expected to show japanese weakness prospections
1966	2002-12-11	00:03:00	also there is no key data for
1965	2002-12-11	00:01:00	also there is no key data for today in asian session
1964	2002-12-11	00:01:00	and we prefer to sell it but not from here as targeting 125 could delay till tomorrow and also there is no clear signs of jpy fall but offical talks and this is not enough for us to sell but could be just a catalyst
1963	2002-12-11	00:00:00	and we prefer to sell it but not from here as targeting 125 could delay till tomorrow and also there is no clear signs of jpy fall but offical talks and this is not enough for us to sell but could be just a catalyst
1962	2002-12-10	23:59:00	yasterday and today too looks that the jpy trying trade in a stagnant way does not help us
1961	2002-12-10	23:27:00	AS THE JPY IS NOT SELF POWERED TO FALL THE IT WAS LAST WEEK
1960	2002-12-10	23:16:00	BUT WE CAN SEE THE THE JPY LIKE TO COME BACK FROM WHERE HE COME FROM THIS WEEK BUT WE SHOULD KEEP SELLING IT ONLY BY US SUPPORT
1959	2002-12-10	23:12:00	ANY WAY THANK YOU FOR YOUR ATTENTION AND TILL COOMING NEW CHANCES WE ARE WAITTING

1958	2002-12-10	23:10:00	:)) SURELY I TALK ABOUT THE EURO/USD !!!
1957	2002-12-10	23:09:00	BUT STILL SELLING FROM HERE OF THOSE WHO HAVE HIGH AMOUNTS IS FAVRABLE MAY THEY GET USE OF TRIES FROM HERE TO 1.0030
1956	2002-12-10	23:08:00	ALSO A PERISH OF 1.075 CAN HELP US TO TARGET HIGH POINT LIKE 1.03 !! SO WE HAVE DROW OUR STRATEGY THERE AND LET THE PRICES CHECK OUR TRADING PLANS
1955	2002-12-10	23:06:00	THAT IS WAHT WE ARE LOOKING FOR SIMPLY TO SELL THE DOLLAR AT BETTER PLACE CAN MAKE US PUT OUR STOP LOSS ORDER BEHIND 1.0175 SAFTLY WITH MINIMUM LOSS CAN BE TARGETING .98 ATLEAST AGAIN AND WE CAN DO IT NEAR FAILLING TRY AT 1.0150 TO BE SO HIGH TRADING PERFORMED
1954	2002-12-10	23:03:00	TECHNICALLY EVERYTHING SHOULD BE PUSHED DOWN AS A TEST OF 1.0150 HAS BEEN DONE BUT WE SEE THAT DIDN'T HAPPEN SEIOUSLY BUT WE CAN GO ON IN BUYING THE US DOLLAR BUT TRYING FOR GOOD POINTS TO DO IS A FAVRABLE THING
1953	2002-12-10	23:01:00	BUT WE DIDN'T WANT TO CLOSE THIS POSITION AND PREFERED TO NOT AVERAGE TOO TO GO TO WITH MINIMUM RISK WE CAN GO WITH
1952	2002-12-10	23:00:00	BUT WE WERE SATISFIED ABOUT TODAYS PROFITS AND AVOIDED GETING ALONG WITH THE MARKET WITHOUT A CERTAIN TARGET WITH LESS UNCERTAINTY THAN WE DID IN THIS MORNING EVEN WE WERE EXPECTING THAT WE COULD FACE SOME SETTING BACK IN USD/CHF AND IT HAS DONE TOO !!
1951	2002-12-10	22:58:00	NOW WE THINK THAT TOMORROW THERE COULD ANOTHER CHECK FOR 1.0050 BUT TODAY WE HAVE CLOSED OUR POSITIONS BEFORE RETRACMENT COULD HAPPEN AFTER THE NEWS OF ZEW AND IT

			HAS DONE
1950	2002-12-10	22:56:00	NOW WE THINK THAT TOMORROW THERE COULD ANOTHER CHECK FOR 1.0050
1949	2002-12-10	22:55:00	PROFITS OF THE DAY 73 PIPS UNTILL NOW TILL WE FIND SUITABLE WAY TO GET BACK THANK YOU

1942	2002-12-10	14:15:00	CLOSE ALL OPENED POSITIONS
1941	2002-12-10	14:15:00	THE MARKET DIDN'T REACT WELL
1940	2002-12-10	13:48:00	NOW EVERYTHING IS DOING BETTER AND WE HAVE PROFITS OF ALL OF OPENED POSITIONS
1939	2002-12-10	13:23:00	Dow is trying to play now
1938	2002-12-10	13:18:00	WE CAN CLOSE ALL OUR POSITIONS NOW AS WE MADE GOOD AMOUNT OF PROFIT AT GBP/USD TO COVER OUR PLACE IN EURO/USD AND USD/CHF BUT WE SHOULD WAIT FOR THE ZEW AND IF DIDN'T COME IN OUR FAVOR WAY WE CAN CLOSE ALL OF THEM BY (CLOSE ALL OPEN POSITIONS) ORDER
1937	2002-12-10	13:05:00	we mean the profit taken limit of the sell limit order we placed this morning of selling GBP/USD @ 1.5799 THANK YOU
1936	2002-12-10	12:52:00	REMOVE LIMIT OF GBP/USD SELL
1935	2036-02-07	08:27:00	ALSO WE ARE WAITTING NOW

			<p>November Consumer Confidence OF JAPAN (exp n/f, prev 41.6)</p> <p>THANK YOU</p>
1934	2036-02-07	08:17:00	<p>WE LOOKS THAT WE CAN TRADE SAFTLY BETWEEN 1.46 TILL 1.47 BUT SOME FALLING UNDER 1.46 MAY RISE LATELY</p> <p>THANK YOU</p>
1933	2036-02-07	07:55:00	<p>THERE COULD BE SOME ROOM FOR MOVING AGAINST US IN USD/CHF BUT THIS FOR JUST TODAY PERFORMANCE WE COULD TRY TO KEEP THEM ALL AS LONG AS POSSIBLE</p> <p>THANK YOU</p>
1932	2036-02-07	07:54:00	<p>BUY USD/CHF @ 1.459</p> <p>CLOSE @ 1.4740</p> <p>STOP LOSS @ 1.4530</p>
1931	2036-02-07	07:51:00	<p>SELL GBP/USD @ 1.5799</p> <p>CLOSE @ 1.5740</p> <p>STOP LOSS @ 1.5840</p>
1930	2036-02-07	07:49:00	<p>SELL EURO/USD @ 1.0099</p> <p>CLOSE @ 1.0040</p> <p>STOP LOSS @ 1.0140</p>
1929	2036-02-07	07:45:00	<p>BY OURSELVES WE START SELLING TODAY AS THE PUSH HIGHER MAY FIND OBSTCALES TODAY BUT US STOCKS FAIL BACK AGAIN ALSO WHAT CAN HELPS IS THE HIGH FUTURE OF US INDICES</p>
1928	2036-02-07	07:42:00	<p>THE FEAR OF FURTHER RISE FROM HERE IS FORMING DOUPLE TOP AND THIS COULD BE OF FAILING BETWEEN HERE TO 1.0160</p>
1927	2036-02-07	07:40:00	<p>November retail sales expected to have risen by a mere 0.2% from October's 0%, while sales excluding autos seen coming in at a more modest 0.2% following the aggressive 0.7% in October. But economists expect the report not to fully capture the brisk Thanksgiving Holiday sales, which occurred later than usual in the month.</p>

1926	2036-02-07	07:38:00	THE NEED FOR DOLLAR REVIVAL THIS WEEK DEPENDING ON THE RETAIL SALES OF US AS THE TODAYS INTEREST RATE DECISION MAY NOT COME WITH NEW
1925	2036-02-07	07:36:00	ALSO THE MARKET HAS FINISHED THE FIRST TRADING DAY OF THE WEEK WITH NO MENTIONED CHANGE
1924	2036-02-07	07:35:00	WE CAN WAIT A LITTLE BIT BEFORE SELLING THE EURO FROM HERE
1923	2036-02-07	07:29:00	The new Treasury secretary has increased speculation that Washington may stray from its strong dollar policy, and become more tolerant of a weaker currency.
1922	2036-02-07	07:29:00	Germany's ZEW survey is set for release later today. The December figure is seen slipping further to 2.4, from a reading of 4.2 in November. Recall November's 19.2-pt collapse to 4.2, its lowest level since July, elicited a muted response from the euro as it was seen facilitating the case for an ECB rate cut.
1921	2036-02-07	07:28:00	WEIGHTING IN THE EURO
1920	2036-02-07	07:27:00	LAST ASIAN SESSION THE MARKET WAS GOING IN A VERY NARROW RANGE
1919	2002-12-10	01:19:00	we see the same rates about 6 hours ago!!!
1918	2002-12-10	01:18:00	which can reduce our certainty to open new positions
1917	2002-12-10	01:17:00	after last two volatile weeks this week comes with signs of narrow ranged week may not help us to make significant profits, even the jpy is strangely so stagnant at his session !!!
1916	2002-12-10	00:51:00	forex market so stagnant even in spite of the official downwardly comments
1915	2002-12-09	18:44:00	AS WE CARE FOR YOUR REST TO RENEW YOUR CONCENTRATION AVOIDING TOO LOW VOLUME

			<p>WHICH COULD HELD US BACK FROM REACHING OUR NEW TRADING PLANS TARGETS</p> <p>THANK YOU</p>
1914	2002-12-09	18:43:00	<p>YOU CAN HAVE A REST TILL THE BEGINING OF THE NEXT ASIAN SESSION AS WE SEE THAT THERE IS NO A SERIOUS CHANCE TO OPEN NEW POSITION BEFORE IT</p> <p>THANK YOU FOR YOUR INTEREST WISHING YOU ALWAYS HAVE GOOD LUCK AND GOOD IN MAKING PROFIT EASILY BY OUR SYSTEM OF FX MANAGERMENTS</p> <p>THANK YOU</p>
1913	2002-12-09	16:45:00	<p>NOW AS WELL AS THE DOLLAR HAS SHOWED THE SIGNS OF STRENGTH WE CAN SELL THE JPY BUT WE SHOULD WAIT FOR BETTER CHANCES TO TRIGGER US RAPIDLY AS IT POSSIBLE</p>
1912	2002-12-09	16:11:00	<p>THE PROFITS OF THE DAY 86 PIPS</p> <p>THANK YOU</p>
1911	2002-12-09	16:08:00	<p>GOOD TRADING AS I FEEL THAT THERE COULD BE OF YOU WHO COULD YIELD MUCH PROFITS EVEN MORE THAN US FROM TODAYS SIGNALS AND THIS IS THE MOST IMPORTANT</p> <p>CONGRATULATIONS, WISH YOU ALWAYS DO</p>
1910	2002-12-09	16:06:00	<p>ALSO WE SHOULD SAY AGAIN HAPPEY NEW WEEK AND</p> <p>WELCOME BACK</p>
1909	2002-12-09	16:04:00	<p>ANY WAY WE TRUST IN YOUR UNDERSTANDING AND YOUR FORGIVNESS TO THESE MISTAKES THAT MAY HAPPEN CAUSED BY SPEED BUT IT IS EASY CAN BE DETECTED AND UNDERSTOOD,</p> <p>THANK YOU</p>
1908	2002-12-09	16:04:00	<p>ALSO WHEN WE TRIED TO CLOSE THE EURO/JPY WE HAVE FOUND IT NOW WRITTEN USD/JPY BUT YOU SURELY HAVE GOT OUR INTENTION FROM THE QOUSTES THAT IT IS BELONGING TO THE EURO/JPY AS WE DO IT BY THE SAME WAY OF SELLING THE JPY ACCROS THE BROAD.</p>

1907	2002-12-09	16:00:00	WE JUST WANT TO MENTION SOMETHING I SEE YOU HAVE ALREADY EXPERIENCE OF THAT WE MAY NOT CLOSE AT THE STOP LOSS AVOIDING AVERAGE AGAIN AS HAVE THE DESIRE TO BUY TOO SO WE MAY LEAVE IT INSTEAD OF CLOSING LOSS AND BUYING AGAIN

1900	2002-12-09	15:50:00	close all USD/JPY POSITIONS?
1899	2002-12-09	15:50:00	ok
1898	2002-12-09	15:50:00	what do you see ?
1897	2002-12-09	15:50:00	and now the US dollar is
1896	2002-12-09	12:09:00	Much concern has been raised about the stance the new economics team will have on the strong dollar
1895	2002-12-09	11:47:00	US equity futures in the red, keeping European bourses depressed this morning. USD hovering little changed around 1.01 to the euro and above support at 122.40 yen. Without any key data today, markets will look to Wall St for direction.

1894	2002-12-09	08:14:00	WE DEPEND ON TODAYS MARKET SENTIMENT FOR BETTER CLEAR VIEW OF THE LAST EVENTS MARKET TRANSLANSTION
1893	2002-12-09	08:13:00	TH US SESSION LOOKS OPENING HIGHER TODAY.
1892	2002-12-09	05:59:00	BUY GBP/JPY @ 194.08 CLOSE @ 194.60 STOP LOSS @ 193.75
1891	2002-12-09	05:58:00	BUY USD/JPY @ 124.22 CLOSE @ 124.60 STOP LOSS @ 123.75
1890	2002-12-09	05:57:00	BUY USD/JPY @ 122.89 CLOSE @ 123.60 STOP LOSS @ 122.40
1889	2002-12-09	05:50:00	WE SEE THAT ALL THE MARKET DECISIONS HAS BEEN LEFT TO WALL STREET TO SIGN THE DIRECTION OF THIS WEEK.
1888	2002-12-09	04:59:00	THAT IS WHAT WE WERE FEELING WITH THE USD/JPY NOW IS AT 122.80 SO THERE WERE NO USE OF BUYING IT ALSO THERE IS NO STRONG EVIDENCE TO SELL IT BUT IT IS JUST THE MEARKET SENSE
1887	2002-12-09	02:20:00	SO THE VIEW IS NOT CLEAR YET AND WE PREFER TO WAIT AND SEE FOR BETTER POINTS AND BETTER CERTAINTY TOO
1886	2002-12-09	02:19:00	WE HAVE THE SAME INTEREST TO BUY SELL THE JPY BUT WE NEED CONFIRMATIONS FROM THE DOLLAR RISE BACK
1885	2002-12-09	00:18:00	SO STRONG WEEK WE HAVE LIVED LAST WEEK AND WE ARE IN THE BEGINING OF A NEW TRENDS THIS WEEK AND WE SHOULD BUILD UP WITH OUR THOUGHTS WITH ITS EXPECTED CHARACTAISTICS
1884	2002-12-09	00:12:00	also today there is no key data we can depend on fundamentally
1883	2002-12-09	00:10:00	we feel with buying desire to the green back but some evidences can be favrable
